University Hospital

- The region's only Level 1 trauma center offering 24/7 care
- New \$20-million Fanny Meisler Trauma Center opened in January 2021
- Trauma center in the top 10 percent of all trauma centers for patient outcomes and complications
- Burn center is one of busiest in the United States, treating more than 500 patients per year
- Region's only Comprehensive Stroke Center
- Cardiovascular disease center
- Epilepsy monitoring unit
- Renovation of the 10th and 11th floors to add more than 60 patient beds

Our future:

- \$14-million freestanding emergency department on Hillcrest Road

Mitchell Cancer Institute

- Only academic-based cancer research and treatment facility on the upper Gulf Coast
- Comprehensive cancer care including medical oncology, radiation oncology, surgical oncology, gynecologic oncology and pediatric cancer care
- Monarch bronchoscopy, along with rapid on-site evaluation, enables physicians to view, biopsy and test lung nodules in a single visit

Multidisciplinary support teams are available to help guide patients and their families through their cancer journey:

- Social and financial services
- Nutritional counseling
- Physical therapy
- Support groups
- Psychological care
- Palliative care
- Genetic testing and counseling

Children's & Women's Hospital

- Home to the only small-baby unit exclusively for micro-preemies on the upper Gulf Coast, caring for infants born at 28-weeks gestation or sooner and who weigh 2.2 pounds or less
- Delivers more than 2,400 babies each year
- Region's only high-risk obstetrics program
- Region's only Level III Neonatal Intensive Care Unit and only Pediatric Intensive Care Unit
- Hope infusion suite dedicated to pediatric patient care
- Region's only pediatric emergency department open 24/7
- Epilepsy unit devoted to the special needs of children

Our future:

- Multimillion-dollar expansion of the pediatric emergency department
- Renovation and expansion of birthing and postpartum suites for mother and baby

Outpatient services

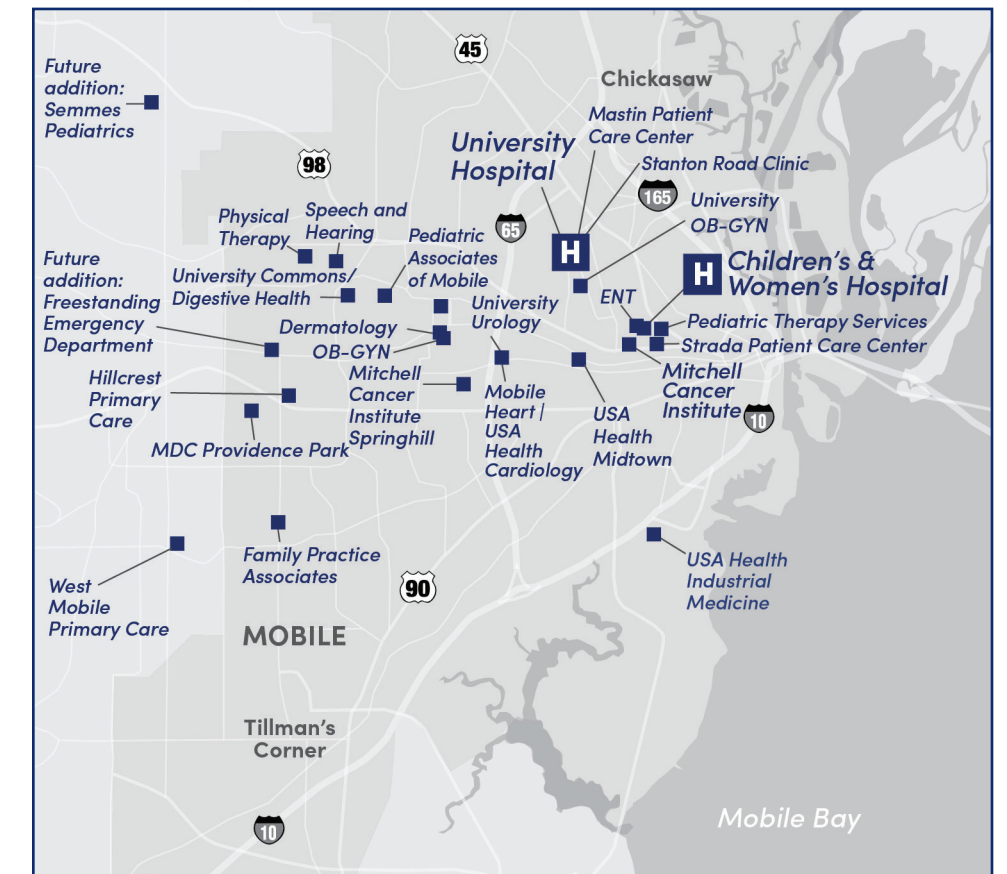

- USA Health is home to more than 100 multi-specialty services
- The region's largest multi-specialty practice
- The only academic physicians group along the upper Gulf Coast
- Comprehensive spine center provides complete multi-disciplinary management of spinal problems with surgical and nonsurgical treatments in both children and adults
- Expanding footprint includes addition of community providers from Mobile and Baldwin counties, providing more clinic locations and increased access to outpatient healthcare services
- Industrial Medicine

Our future:

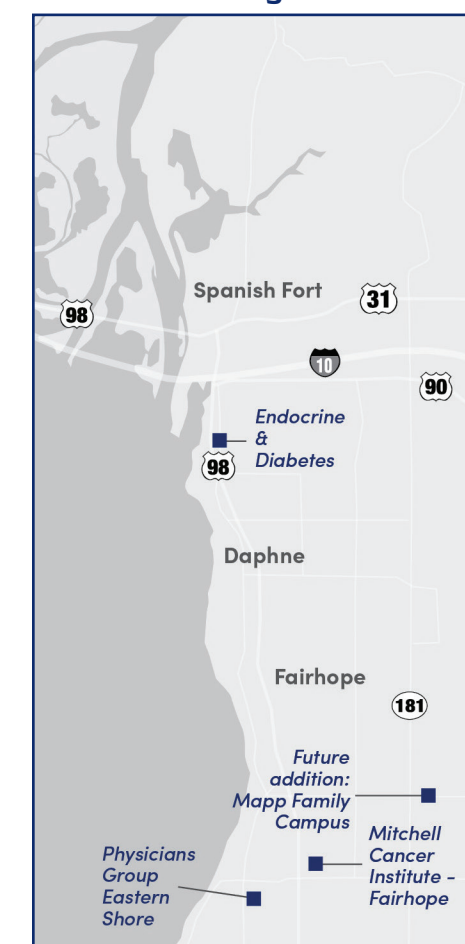

- Expansion into Baldwin County with medical office building on the Mapp Family Campus
- Physicians Office Building on Hillcrest Road

College of Medicine: Approximately one-third of local practicing physicians trained at the USA College of Medicine and/or USA Health.

Mobile County locations:

Baldwin County locations:

USA Health is growing

With more than 25 locations in Mobile and Baldwin counties, USA Health is always expanding to meet the healthcare needs of our communities. From primary care to specialty services, we offer patients convenient access to the most-advanced medicine in the region.
