What is STAT?

Students Today Alumni Tomorrow (STAT) is a student organization sponsored by the University of South Alabama’s Alumni Association. We facilitate interaction between current students and USA Alumni by introducing students to the Alumni Association who share interests in the same field or who have graduated with a similar degree. Students gain the opportunity to learn more about South Alabama and network with alumni from across the country.

Likewise, the alumnus is able to keep up with changes of programs on campus and receive up-to-date information about their alma mater.

What are the benefits of STAT?

• STAT t-shirt
• Leadership Opportunities and Experiences
• Access to Alumni Hall to study during finals
• Networking Opportunities
• Exclusive scholarship offers
• Dinner with Alumni each semester
• Lots of free food!

And many more!

Bridging the gap between students and alumni

An annual $20 STAT Fee does apply
What other clubs are you in?
