5. Put the student in the group. Click on the student's name and use the arrow button to move the student into the group.

The screenshot shows a web interface for managing group membership. It features two main columns: "Site Member List" on the left and "Group Member List" on the right. The "Site Member List" contains a scrollable list of roles and names, with "Doe, Jane (demostudent)" selected. Between the lists are four arrow buttons: a right-pointing arrow (>), a left-pointing arrow (<), a double right-pointing arrow (>>), and a double left-pointing arrow (<<). The right-pointing arrow button is highlighted with a green box. At the bottom of the interface are "Add" and "Cancel" buttons.

The screenshot shows a web interface for managing membership. It features two main sections: "Membership Site Member List" on the left and "Group Member List" on the right. The "Membership Site Member List" contains a scrollable list of roles and names, including "Role: Instructor", "Role: Student", "Role: Teaching Assistant", and several "Student" entries with IDs like "demostudent05". The "Group Member List" currently contains only one entry: "Doe, Jane (demostudent)". Between the two lists are four buttons: ">", "<", ">>", and "<<". At the bottom left, there are two buttons: "Add" (highlighted with a green box) and "Cancel".

7. Click on Tests & Quizzes.

8. In Working Copies, make a copy of the test by choosing "Duplicate" from the drop down menu.

15. Repeat for each test.
16. Email the student and let him or her know that both the regular time test and extended time test will show. The student should only take the DSS tests. (Suggestion: you can tell the student that if he or she takes the regular test, that is their grade.)
17. When the student takes the test, you will need to go to Scores for the DSS copy of the test, find their scores, and then go to the “regular” test and enter their score manually in the Adjustment (Adj) field, and click Update. Otherwise, the score will not go into the gradebook for this student.
