

# Steps to Burn Discharge

5.9.2022

## Criteria for Discharge

- Patient can do wound care with oral analgesics
- Patient or caregiver is compliant/competent to perform wound care
- No barriers to f/u in burn clinic (homeless, no transportation)
- Burns are minor and can wait ~one week before f/u in burn clinic
- Patient does not have any major comorbidities that would slow wound healing or lead to burn conversion

## Documentation/Orders

- Place order "Consult to Outpatient Wound Care" - burn clinic is Tuesday/Thursday morning at Stanton Road Burn Clinic (see screen shot below)
- Send message via Message Center to "Outpatient Wound Care", this goes to the scheduler who will call the patient back on next business day and schedule the appt.
- Under Patient Education Follow up Tab, please include the following info (see screen shot below)
